

# Here's Your Sign!

**National EMS Pilots Association**

## Heliport Safety Sign Campaign

Looking for a way to enhance safety and reduce liability around the heliports that your organization utilizes? Adding the right signage can significantly impact these two critical areas of concern.

To this end NEMSPA is proud to introduce it's latest safety initiative:

### "The Heliport Safety Sign Campaign"

#### Signs every heliport should have:

- Helicopter Warning Sign
- Authorized Personnel Only
- Eye Protection Required
- Hearing Protection Required
- No Smoking Within 50 Feet

#### NEMSPA warning sign is a one of a kind:

- Designed by Pilots
- OSHA and ANSI compliant
- Reviewed by the FAA & DOT
- Reviewed by Insurance underwriters
- NEMSPA approved

Each 24" X 18" Heliport Warning Sign is made from 060 aluminum for maximum rigidity and is screen printed with UV resistant paint to insure the greatest durability. For a small additional cost signs can be ordered with your companies logo included. Whether you want one or one hundred we can meet your needs. For ordering and pricing details go to the NEMSPA web site and look for the sign.

*A portion of all proceeds goes to help support the National EMS Pilot Association*
